HOUSE PASSES BONUS MEASURE BY BIG VOTE

Mexia Citizens Voting On Charter Commission

New Industry Enters Mexia's Expanding Industrial District

Believed Now That Voters Favor A Charter

At three o'clock this afternoon, approximately 400 votes had been cast in the election to decide whether or not Mexia should have a new charter and who should draft the official document for presentation later to the voters of Mexia.

Officials expect a vote of around 700.

T. B. Chatham is election judge and the clerks are J. D. Arrington, W. H. Wallace and Joe Phillips.

The polls opened at 8:00 o'clock and will remain open until 7:00 this evening.

Quite a number were ready to vote when the polls were opened in the city hall. Quite a bit of interest was evident during the early part ofthe day, later giving way to the usual rush of business. Although the vote is comparatively light, it is considered quite encouraging and according to indications, it is believed that a big majority is voting in favor of the charter commission and the fifteen names were printed on the ballot. Fifteen blank lines were also printed on the ballot, so that any voter might write his choice, if not included in the fifteen and to enable him or her to scratch whatever printed name they desired.

According to poll tax receipts issued by the city, there are around 1200 eligible voters in the voting box. Many kept away, considering the matter one largely of concern to property owners only.

Many of the candidates whose names were withdrawn from the ballot before officially closed and submitted to the printer are understood to have voted for the charter commission, indicating their choice of citizens to write it.

The proponents of the charter commission were fairly well organized, the organization having been perfected, however, at what might be termed the eleventh hour, when it became apparent that there was an active opposition, directed to prevent a charter commission from being elected and to retain the system of city government which now prevails. Speeches were made for the charter commission in most local theatres Monday night by several Mexia citizens.

The results of the vote are expected to be known shortly after the polls close, at which time they will be duly announced.

The usual six o'clock rush to the polls is expected, when clerks and employes, as well as many others, will avail themselves of the opportunity to vote, which is not limited to property owners but to all qualified voters in the city.

Man Confesses That He Killed And Hid His Wife

DENVER, March 18.—Fred Janssen confessed that he beat his wife to death and placed her body in a trunk which was discovered in Ogden, Utah. Janssen first said he hired a Mexican to do the killing.

What Was That Other Hen Doing?

SAN SABA, Texas, March 18.—A flock of Black Leghorn hens owned by G. W. Edmondson and numbering 340 are believed to have set a record here. Several days ago Edmondson collected 339 eggs from one days work of the pen.

WOMAN WHO ACCUSES H. M. DAUGHERTY.

MISS ROXIE STINSON.

Miss Roxie Stinson, of Washington Court House, O., divorced wife of the late Jesse W. Smith, Attorney General Daugherty's bosom friend who killed himself in Daugherty's Washington apartment, has made sensational charges against Mr. Daugherty before the Senate Investigating Committee.

Fire Breaks Out In Opera House

Fire which broke out in the northeast corner of the second story of the Opera House building Monday afternoon shortly after 4 o'clock came near being serious on account of the hidden nature of the flames before it was extinguished. It was at first thought the smoke which filled the entire building was caused by a stopped up flue but it was soon discovered that the lobby of the Christian Science hall in the northeast upstairs corner was in flames, starting presumebly from an over heated flue. The fire was extinguished before it gained headway, however, and little fire damage was done to the building beyond a large hole being burned in the roof, which is now being repaired. Water damage to the building was considerable. The Opera House, in which "The Hunchback of Notre Dame" was showing at the time was damaged to the extent of three or four hundred dollars, besides losing a large amount of the custom. The Prickett Shoe Repair Shop suffered damages to the extent of at least $200 while the Stanberry Paint and Wall Paper Company was slightly damaged.

Mrs. Hugh Adamson is expected to be brought home from Dallas, following two weeks of illness in Dallas. While there, a guest in the Southland hotel, she became seriously ill and was unable to be removed. Her many friends will be glad to learn that she is able to return.

Ed Prather, formerly of near Mexia now living in the black land near Watt, was in the city Monday and Tuesday mingling with old time friends.

Many Politicians Speculated in Oil with Big Company

WASHINGTON, March 18.—Bascom Slemp, secretary to President Coolidge, Senator Charles Curtis, republican whip, Attorney General Daugherty, Senator Davis Elkins and several present and former congressmen speculated in either Doheny or Sinclair oil stocks, Lewis D. Bond, accountant for the Federal Trade Commission, testified today before the Senate Oil Committee. Daugherty dealt in Mexican Petroleum and Sinclair Consolidated, Bond testified. Slemp speculated in Sinclair Consolidated and Mexican Petroleum, Curtis in Sinclair Consolidated, Elkins in Sinclair Consolidated and Mexican Petroleum. Congressmen bought and sold Mexican Petroleum and Pan American Petroleum.

Ross Brown of Waco was here Saturday to attend the wedding of Val Horn to Miss Christine Kendrick, in which ceremony he was best man. He returned to Waco after the marriage, a member of the wedding party, composed of Mr. and Mrs. Horn, Miss Beth Ellington, John Corley, and Mrs. ..ick Miller.

Mexia visitors in Dallas may secure The Mexia Daily News at the newsstand at the northeast corner of Main and Akard streets. Be sure and call for one there. Help the home paper to keep on the leading news stands of the country, where thousands may see them constantly.

P. F. Wallace, of Jacksonville, was in the city Monday.

OVERWHELMING VOTE FAVORS NEW BONUS PLAN

WASHINGTON, March 18.—The House passed the soldiers bonus bill by a vote of 355 to 54, an overwhelming victory for the bonus advocates. The measure is radically different from the bill President Harding vetoed. The principal provision is the twenty year endowment insurance which will be issued to all ex-service men, except those whose compensation is $50 or less. These are entitled to cash.

LONGHORNS HAVE PROBLEMS ON THE DIAMOND IN 1924

AUSTIN, Texas, March 17.—The question mark of the 1924 University of Texas baseball team is the pitching and catching staffs. The infield appears strong with such an array of stars as Captain Herman Odom, of Rusk; Dewey Smalley, of Yorktown; Horace Kibbie, of Fort Wirth; Johnny Mulcahy, of El Paso, and Collie Falk, of Austin. The outfield also promises well with Edward Carson, of Waxahachie; Newton King, of Alamogordo, N. M.; Clyde Pratt, of Bradshaw; Jack Smith and Oscar Eckhardt, of Austin, available for duty. But there is nothing certain about the battery men.

Much of the fate of the Longhorns' pitching staff rests upon Emmanuel Ponsford of El Paso. This left hander was the sensation of the conference in 1922 and almost single handed pitched the Longhorns to their 11th conference championship. However, he was out of school in 1923 and will not report to the baseball squad until the conclusion of the basketball season. If he reaches the form that he displayed in 1922, then the staff will be fairly strong, and if not it will probably be weak.

Otto Clements, of Austin, and Oscar Eckhardt, are the only other letter men on the hurling staff this year. Clements showed great form in the closing games of the 1923 campaign; but he has yet to go through the test of a whole season. Eckhardt was inconsistent last year, one day pitching superbly and the next poorly. If he overcomes this defect he will doubtless be one of the leading hurlers of the conference, but if not he will be of little value. Ben Allen, of Corsicana, a substitute on the 1923 squad is the fourth man who is making a serious bid for a position on the mound. He has shown splendid form in the early season workouts and he will probably be one of the first string hurlers, according to many who have seen him in action.

The catching staff is perhaps more uncertain than the hurling corps. Coach Billy Disch has been forced to develop a catching staff this year, as there is no one on the squad this year that has ever had any previous experience catching on the Longhorn nine. Albert Leissner, of Yorktown, who has shown the most promise thus far, is out with a bad hand and will be unable to get back in the game until after the end of the present term, it is stated. Henry Pfannkuche, of San Antonio, and Charles Ramsey, of San Augustine, are also candidates for the catching staff, and Coach Disch is spending a large part of his time coaching them.

DALLAS, Texas, March 18.—Three business buildings in East Dallas were destroyed by fire. Damage $12,000.

SECOND DAY OF WORLD FLIGHT PROGRESSES NORTH

SACRAMENTO, Ca l., March 18.—The second days flight of the army around the world journey started today. Three Douglas cruisers, headed by Major Frederick Martin, hopped off from Mather Field and headed north for Vancouver Barracks, Washington.

Secretaries Of Two Departments Called by Probers

WASHINGTON, March 18.—Secretary of the Treasury Mellon and Secretary of War Weeks were included in a new batch of subpoenaes issued today by the committee investigating Daugherty. Mellon will be given an opportunity to reply to charges made by Gaston B. Means, former Department of Justice agent as to Mellon's alleged connection with liquor deals. Weeks is expected to testify in connection with the aircraft case in which Means testified that he received $100,000, which he turned over to Jesse Smith.

Delving into transactions regarding withdrawals of liquor, the Senate committee investigating Daugherty, heard from William Orr of New York, the story of large payments totaling sometimes $25,000, to Howard Mannington, described as a close friend of Daugherty. These payments Orr said were in connection with liquor deals, but did not know what became of the money, except that it was to keep the cases out of court.

They Say We Will Know What Goes with Money

FORT WORTH, Texas, March 18.—Texas taxpayers will know what the public school system is doing with their money—they will see the progress, the aims and plans for the growth of Texas schools. The Texas State Teacher's Association will broadcast this news to the patrons, in accordance with the feeling of the leaders that the schools being to the people and that they should be kept informed about their own institutions if the proper progress and development is to be made.

The State Superintendent of Schools, S. M. N. Marrs, and leaders of the parent-teacher and other civic clubs have enthusiastically endorsed the plan of the Executive Committee of the association to carry out a full program of publicity through the newspapers of the State. News notes, reports of surveys and findings are being given to the association for publication. The papers have responded by using the stories regularly, as sent out by the news gathering force that has been organized in the central office of the association.

School men and women are being urged by their leaders to study their home schools for news that will interest their local papers, with the aim of giving them a regular service rather than the annual splurge of commencement programs, or special appeals for bond issues. It has been pointed out by many that the teachers should feel that as servants of the public they should keep the patrons informed of their work through the public press. Teachers are being asked to make a special study of this matter as being one of the outsanding needs of the day, for it is the judgement of the most successful in the profession that there can be little further progress until all the people know the facts about the schools of Texas.

Waits for 25 Years for Hero Medal.

COL. P. L. MILES.

Colonel Perry L. Miles, U. S. A., was photographed at the War Department Building, in Washington, where General Hines, Assistant Chief of Staff, pinned the Distinguished Service Cross on him. Colonel Miles, while a subaltern, was recommended for extraordinary heroism at the Battle of Manila in 1899—twenty-five years ago.

MEXIA M. AND J. ASSOCIATION HOLDS MEET MONDAY

The Mexia Manufacturers and Jobbers Association held its third meeting in the office of the Prickett Pattery and Tire Company on Commerce and McKinney street Monday afternoon at 2:00. The President of the Association, Albert Berry, of the Berry Barnett Wholesale Grocery Company, was absent on account of sickness and the Vice-president, Walter Anderson of the Anderson Cocoa Cola Bottling Company presided.

Ten of the fourteen members were in attendance. The objects and purposes of the organization were read for the benefit of those present who were absent at the second meeting, after which the committee on membership, composed of M. W. Anderson, J. W. Prickett and Carl Davis, submitted a list of firms which they had prepared as eligible to membership in the Association.

A review of the qualifications of each of the firms named on the list resulted in the elimination of a few following which the Assocation adopted the revised list and instructed the Committee to invite each business mentioned to membership in the Association. It was also suggested that each new member pay dues for six months in advance on entering in order to relieve the secretary and treasurer of a large amount of work. Thirty two firms were named on the revised list, and there are at present fourteen members.

The secretary was authorized to secure the books and materials necessary to preserving complete records of the Association. The secretary was also authorized to secure advertising space in the Black Cat magazine, which is being published by the High School students of Mexia.

THE WEATHER

East Texas—Tonight fair and colder in southwest; frost nearly to the coast; freezing in north. Wednesday partly cloudy and rising temperature.

West Texas—Tonight fair and warmer, except in southeast. Wednesday partly cloudy and warmer except in southwest.

N. F. Watkins was here Monday from Waco.

Glove Factory Established In Mexia

At a meeting held in the office of the E. L. Smith Oil Company yesterday, the Texas Glove Company was organized with a capital stock of $10,000. This new concern will manufacture cloth gloves. As there is not a glove factory nearer than St. Louis or Kansas City, the products of this company should meet a ready sale, and it should be a paying proposition from the beginning.

The officers of the company are C. C. Yowell, president, Blake Smith, vice President, and R. F. Babb, secretary-treasurer. These with Julius Nussbaum and B. B. Simmons constitute the board of directors.

Mr. Yowell came to Mexia in the early part of the oil boom, and has been with the Berry-Barnett Grocery Company until about thirty days ago, when he resigned to organize this company. The other officers and directors of the company are well known business men of Mexia.

The factory will probably be located in the Alexander building on Sherman street, and should be in operation by May 1st. They will employ about fifteen people at the beginning, and will have an output of about one-hundred-fifty dozen pair per day.

Many Casualties Occur When Japs Are QuakeStrick'n

TOKIO, March 18.—Another earthquake disaster visited Japan. A small Japanese colony on Saghalien Island was the center of the shake. Meager reports here said it occurred Saturday night. A house was shaken down with many casualties. Tremors were felt in Tokio. Relief measures were started here to render aid to the injured and homeless.

Fort Worth Will Broadcast Hot Springs Program

FORT WORTH, Texas, March 18. Hot Springs, Ark., will "take the air" tonight and broadcast thru Station WBAP of Fort Worth, a special radio concert. The broadcasting will be a demonstration of "remote control" in radio.

Four orchestra, a band, a chorus, of jubilee singers, a quintette and other musicians will perform in Hot Springs from 9:30-11:30 p. m. while in Fort Worth, 350 miles distant, station WBAP will broadcast the concert over the nation.

The program will be delivered to WBAP thru special wires of the Southwestern Bell telephone company.

Bathing Revue Set For May 10 or 17

GALVESTON, Texas, March 18.—The annual bathing revue is practically assured.

It remains for the Galveston Chamber of Commerce to raise $1,000, the other $400 having been already pledged by the Merchants Retail Association.

The parade will be held May 10-13 or 17-19.

Mrs. S. B. Horn of Dallas, mother to Val Horn, and her niece, Miss Lucille Clark, also of Dallas, left Sunday for their homes, following the wedding of her son to Miss Christine Kendrick, which occurred the Saturday evening before.

SOIL AND OIL

"Your soil and your oil" were words used in speaking of the wonderful resources of this country by the financiers who aided in the purchase of the light and power company here for the Community Power and Light Company. They were listed together, as chief among the conspicuous and outstanding resources of wealth of the Mexia territory last Wednesday night at the banquet tendered the officials of the organization.

Of these, the value of the soil of this section was pointed out as the most dependable and the most valuable both to the community and in attracting investments to Mexia.

Therein a great lesson, already known to many, was stressed and made more emphatic.

It all goes to show that the farmers of this country are the real community builders, who should be placed in the forefront and given every assistance and encouragement possible in all of their undertakings and aspirations. The Mexia Chamber of Commerce knew that such a statement was true months ago, when the Agricultural Committee decided to give a thousand dollars in prizes to the cotton producers of this community and within Mexia's trade territory.

The next thing that ought to be done is to encourage the organization of a Limestone County Farm Accounting Club. Get a real live one and he will be worth the money paid out many times in every box of the county.

Other successful counties where agriculture predominates say that they have gone after their enterprises in this way.

CITIZENSHIP

Thought for the Day

By A. Garland Adair

First Impressions

Locke has suggested that in a hundred citizens there are more than ninety who are what they are, good or bad, useful or pernicious to society, from the instruction they have received. It is on our great free educational system, our character building colleges and universities, that depend the great differences observable among individual, native-born citizens.

"The least and most perceptible impressions received in our infancy have consequences of long duration. It is with these first impressions as with a river, whose waters we can easily turn, by different canals, in opposite courses; so that from the imperceptible direction the stream receives at its source, it takes different directions, and at last arrives at shores far different from each other; and with the same facility we may turn the minds of the rising generation to whatever destiny we determine."

Mrs. L. S. Patterson left Monday to visit with friends in Marlin, Texas.

Gets Support Here Too!

The many people here who have received wonderful results from Black and White Ointment for pimples, blotches, lumps, "breaking out," eczema, rash, itching, etc., are voicing their gratitude by giving it hearty, wholehearted and enthusiastic word-of-mouth publicity everywhere.

We feel that Black and White Ointment is already selling at the phenomenal and unheard of rate of nearly two million packages a year, proves higher than words can tell how dependable it is to people who had never before been able to get relief from their skin troubles by using anything else.

Black and White Ointment is economically priced in liberal size packages. The 50c size contains three times as much as the 25c size. All druggists have it.—(Adv.)

Mrs. Nick Miller accompanied the Horn-Kendrick wedding party to Waco Saturday night and from there returned to her home at Cisco, after several days spent with friends here. She was m tron of honor at the lovely wedding affair of Saturday evening.

Says His Prescription Has Wonderful Influence over Rheumatism

Mr. James H. Allen suffered for years with rheumatism. Many times this terrible disease left him helpless and unable to work.

He finally decided, after years of ceaseless study, that no one can be free from rheumatism until the accumulated impurities, commonly called uric acid deposits, were dissolved in the joints and muscles and expelled from the body.

With this idea in mind he consulted physicians, made experiments and finally compounded a prescription that quickly and completely banished every sign and symptom of rheumatism from his system.

He freely gave his discovery, which he called Allenrhu, to others who took it, with what might be called marvelous success. After years of urging he decided to let sufferers everywhere know about his discovery through the newspapers. He has therefore instructed druggists everywhere to dispense Allenrhu with the understanding that if the first pint does not show the way to complete recovery he will gladly return your money without comment.—(Adv.)

Varicose Veins Are Quickly Reduced

No sensible person will continue to suffer from dangerous swollen veins or bunches when the new powerful, yet harmless germicide called Emerald Oil can readily be obtained at any well stocked drug store.

Ask for a two-ounce original bottle of Emerald Oil (full strength) and refuse substitutes. Use as directed and in a few days improvement will be noticed, then continue until the swollen veins are reduced to normal. It is guaranteed and is so powerful that it also reduces enlarged glands, goitres and wens.—(Adv.)

According to George Peyton, Mrs. Peyton and her mother, Mrs. Stevens, are enjoying their visit to San Antonio very much. Quite a party of Mexia citizens have formed a group of visitors to the city of flowers, among them being Mr. and Mrs. Horace Stevens and daughter, Elizabeth and Mr. and Mrs. E. L. Smith and son, E. L., Jr.

Mr. and Mrs. J. E. Kendrick, and daughter, Miss Maurine and Mr. and Mrs. Nat Kendrick and daughter, Miss Laura, of Duncan, Oklahoma, left for their home today after spending several days in the home of Mr. and Mrs. W. B. Kendrick, their visit primarily being to be present at the Horn-Kendrick wedding last Saturday night.

The ladies ofthe Sumpter Street School Parent-Teachers Association, Tuesday began the sale of tickets to the Longhorn entertainment to be given at the Opera House next Monday night, March the 24th. This program by the famous Longhorn Band is expected to draw the largest crowd of any entertainment in Mexia in many months.

Among the many out of town visitors to attend the Horn-Kendrick wedding Saturday evening were the following listed among the honor guests of the brilliant and beautiful affair: Mr. and Mrs. G. W. Black, parents of Mrs. W. B. Kendrick, mother of the bride, and Mrs. Kendricks' brothers and their wives, K. S. and Clyde Black, all of Thornton, the old home of Mr. and Mrs. W. B. Kendrick.

Take Salts If Rheumatism Is Bothering You

TELLS RHEUMATISM SUFFERERS TO TAKE SALTS TO GET RID OF TOXIC ACID.

Rheumatism is no respecter of age sex, color or rank. If not the most dangerous of human afflictions it is one of the most painful. Those subject to rheumatism should eat no sweets for awhile, dress as warmly as possible, avoid any undue exposure and above all, drink lots of pure water.

Rheumatism is caused by uric acid or body waste matter, and is often generated in the bowels and absorbed into the blood. It is the function of the kidneys to filter this poison from the blood and cast it out in the urine; the pores of the skin are also a means of freeing the blood of this impurity. In damp and chilly, cold weather the skin pores are closed, thus forcing the kidneys to do double work; they become weak and sluggish and fail to eliminate this toxic acid, which keeps accumulating and circulating through the system, eventually settling in the joints and muscles, causing stiffness, soreness and pain, called rheumatism.

At the first twinge of rheumatism get from any pharmacy about four ounces of Jad Salts; put a tablespoonful in a glass of water and drink before breakfast each morning for a week. This is helpful to neutralize acidity, remove waste and stimulate the kidneys, thus helping to rid the blood of these rheumatic poisons.

Jad Salts is inexpensive, and is made from the acid of grapes and lemon juice, combined with lithia, and is used with excellent results by thousands of folks who are subject to rheumatism.—(Adv.)

Ford For Sale

Say: you fellows with a lot of "kale",
I've got a second hand Ford for sale.
The top's all broken and the windshield's out
And it limps along like it had the gout.
The battery's dead and the weels won't track,
But it'll take you there and it'll bring you back.
There ain't no pep in the change speed bands;
Doc Watson says that it needs new glands.

One anxle's sprung and the starter's rusted,
Bearings out and water jacket busted;
The fenders are gone and the frame is squeaky,
And the gasoline tank is a little leaky;
The tire rack's gone and the tail light's out
But still it's a d—d good runabout;
I've tried to sell it till it ain't no use—
I'm showing it today to J. K. Hughes.

Blake Smith loked at it but he didn't buy,
And Sandfard balked at the price—"Too high";
Tom Nolan will take it—that is—if he can
But he wants to buy it on the payment plan;
Bill Keeling wants it—but I'm no fool—
He wants to trade me a gotch-eared mule.
Say: you fellows with a lot of "kale,"
I've got a second hand Ford for sale.

Easy to Darken Your Gray Hair

When you darken your hair with Sage Tea and Sulphur, no one can tell, because it's done so naturally so evenly. Preparing this mixture, though, at home is mussy and troublesome. At little cost you can buy at any drug store the ready-to-use preparation, improved by the addition of other ingredients called "Wyeth's Sage and Sulphur Compound." You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning all gray hair disappears, and, after another application or two, your hair becomes beautifully darkened, glossy and luxuriant.

Gray, faded hair, though no disgrace is a sign of old age, and as we all desire a youthful and attractive appearance, get busy at once with Wyeth's Sage and Sulphur Compound and look years younger. —(Adv.)

ITALIAN PATRIOT MADE PRINCE

ROME, March 15.—Gabrielle D'Annunzio, romanitc poet and warrior of Italy, has been made a prince. King Victor Emanuel today bestowed the title of Prince Montenevoso.

$18.00 in Cash Prizes Given Away!
$16.25 in Tickets to the Opera House!

Starting March 17th, "The Hunchback of Notre Dame," the most-talked-about picture of the year, opens at the Opera House and the edvertisements are to be chosen from the daily contributions to this contest.

COMPILE YOUR AD—USING ONE OR BOTH OF THESE ILLUSTRATIONS!

The picture is taken from Victor Hugo's well-known book of the same name—has played twenty-three weeks in New York and has had flattering engagements at other Eastern and Northern cities. It cost $1,500,000 to produce, and was two years in the making.

THE HUNCHBACK OF NOTRE DAME

Critics have exhausted superlative adjectives in lauding this production, so you cannot overdo it. The cast includes Ernest Torrence, Patsy Ruth Miller, Norman Kerry, Tully Marshall and better than three thousand others.

CONTEST OPEN TO EVERYBODY—PRIZES ARE AWARDED DAILY.

Letters from People

Enter Daily News, City.

Dear Sir.

Kindly accept my thanks for the honor you are showing me by advocating that I be appointed as County Agent by the Commissioner's Court. While I fully realize that the right sort of a man in such a position could be a power for good, at the same time I am fully convinced that a boy of my year 72 cannot half way fill the bill. Thus, declining with thanks on my part, if the offer was made me would be in order.

What is wanted is a man of energy, with a fair education good common sense and a practical knowledge of general farming. If we find this kind of a man (no doubt there are numbers of them in our county) with a determination to make good, our farmers will have decided assistance towards solving their various Farm problems. A man in such a position should understand the terracing and saving of soils from washing away, as well as building up impoverished soils. He should know fertilizers and their uses for various crops, which all a man with good common sense can soon understand.

One of the most pressing needs of many of our farmers is however, the planting of better seeds and the production of better feedstuffs. Even if a county agent could do no more than just get the people to do this, he could be earning his meal tickets.

I say by all means let us have this County Agent, but make sure that a common sense, practical farmer is selected.

I could name two men that I think could fill the bill, one is my friend Lee Dorset of Forrest Glade and the other is Friend Verner Gatlin of Pt. Enterprise.

If I can be of any service in cooperating with the man that may be appointed, it will afford me pleasure to assist in anyway. I am expiermenting with different things, feed crops and see a good deal myself. I have various varieties of Legumes a growing Alfalfa, SeetClover, Kudau, Cherokee Clover, several kinds of vetch winter peas and a winter bean from Tangier (North Africa.) There is not a one of us that knows a thinks before he learns it and wanting to learn has always been my hobby.

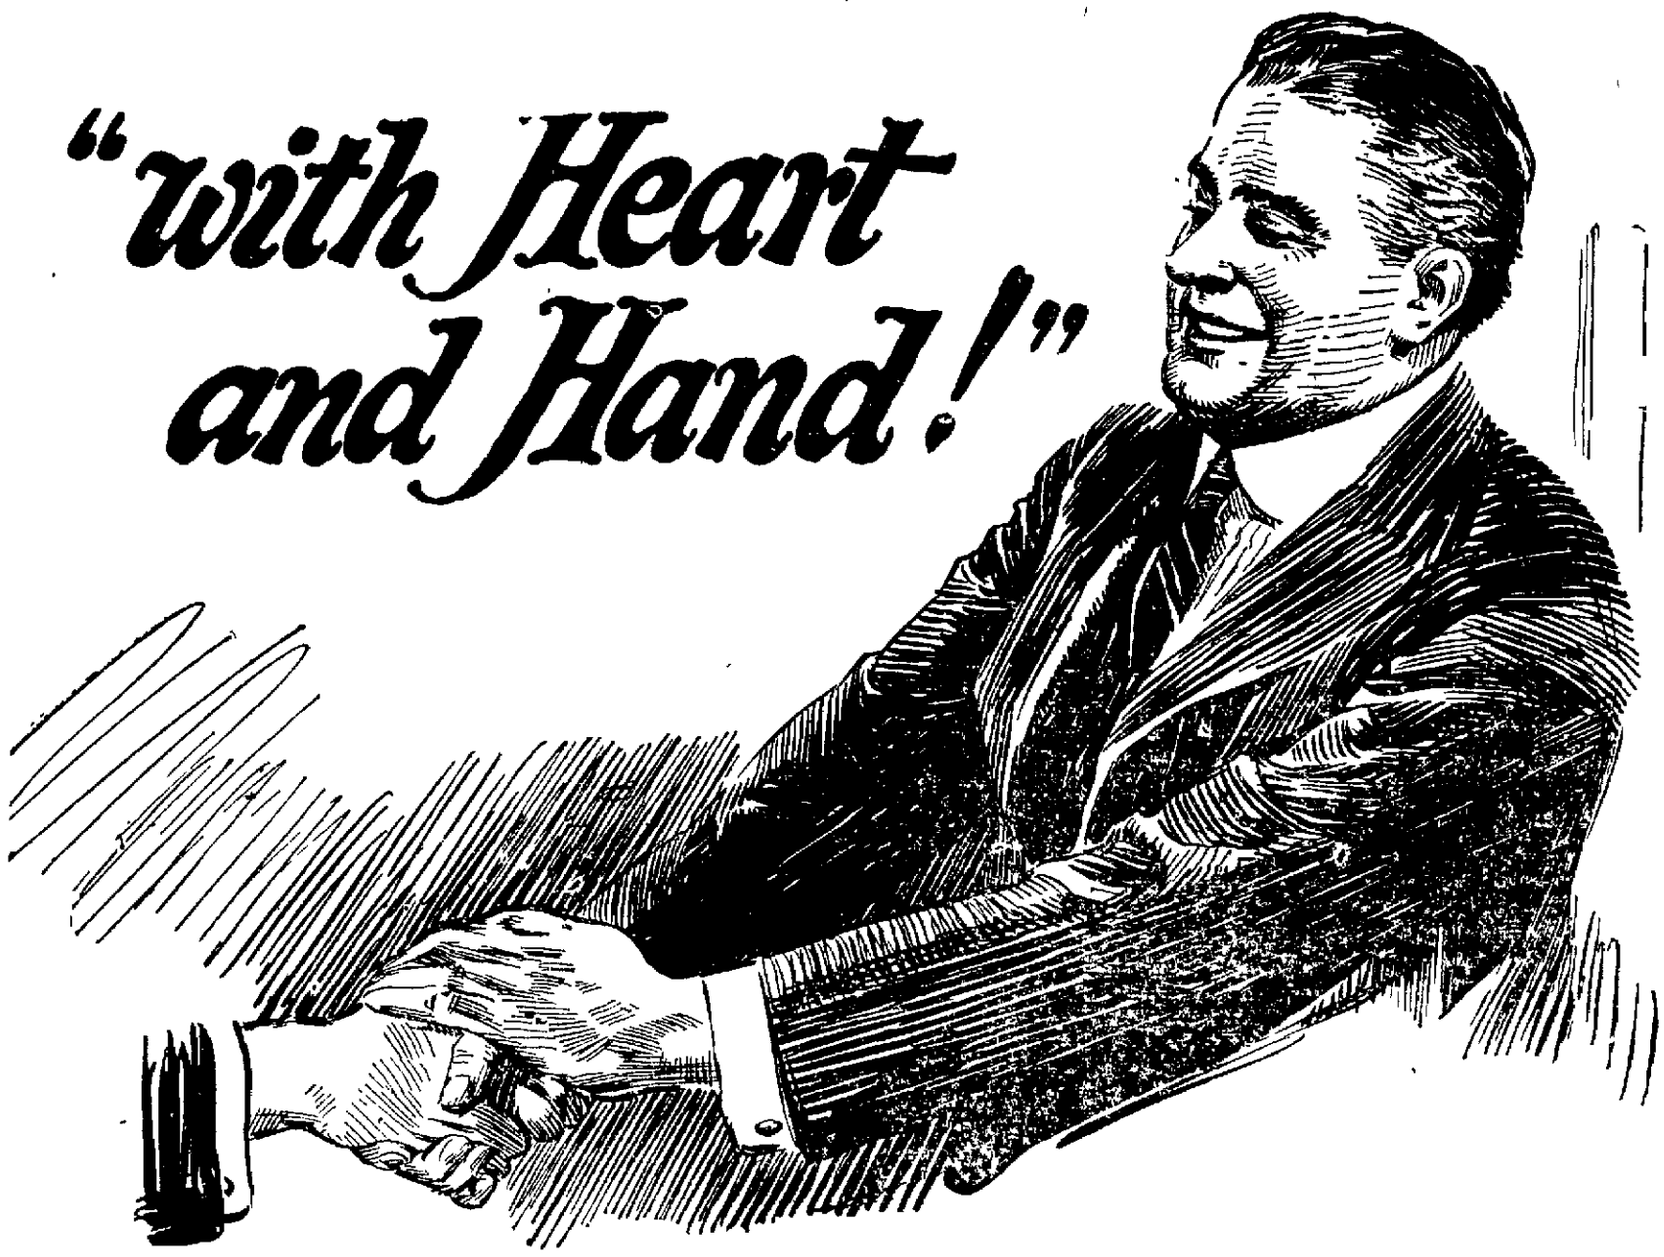
"with Heart and Hand!"



IN anything--it's team work that counts.

No matter how strong the individual, he becomes more powerful with team co-operation--team work

Have you joined the home town team? Are you making your co-citizens realize your desire to assist them commercially and socially? Are you helping them to feel the advantages of living in this good city of ours? Are you extending a cordial heart and hand?

If you do—they will pass the good word along—it becomes an endless chain. The team work is strong and will thus attract others—who in turn will lend their hands, talents, resources and energies to mutual civic progress.

Now is a good time to "join up"—the only initiation fee is a resolve to do your part—trade at home—boost for Mexia—be an asset to your city—help the other fellow so that he may better help you—and the dues come back to you in personal dividends.

Mexia Circuit to Hold Quarterly on The Next Saturday

Rev. G. W. Kincheloe announces that the Presiding Elder, Rev. C. A. Bickley of the Corsicana district, has scheduled Saturday, March 23, for the second quarterly conference of the Mexia Methodist circuit. This was to have been held on the 8th but was rained out. The meeting will be held at Datura and all points are expected to have a full representation and splendid reports. An all day session will be held and dinner on the ground.

Officers Arrest Two Bootleggers

Two men, W. M. Kline and Philips Haynes, were arrested Saturday night about 10 o'clock charged with having intoxicating liquor in their possession. The officers making the arrest stated that they found two gallons of corn whiskey in a Star car which the men were driving. They are being held in the city jail now and will be billed over to the Grand Jury.

Several drunks were taken into custody the same night. Mexia officers reported all of whom paid fines after sobering up in the jail.

WALKER-CHURCH

C. M. Church, foreman of the mechanical department of the Mexia Daily News, visited his family of Fort Worth Sunday to attend the marriage of his youngest daughter, Miss Fay to Mr. Olen H. Walker of Magnolia, Ark.

The marriage was celebrated at Mr. Church's home at 5 o'clock Sunday afternoon with only the family and a few friends present, and the happy couple left for their future home in Magnolia, Ark.

The fair young bride has visited her father here frequently and has many friends here who will join us in wishing for her and her life companion a long and happy life.

JUDGE BLACKMON
FOR RE-ELECTION

To the Voters of the
77th Judicial District:

When heretofore you elected me to fill the position I now occupy, thus expressing your confidence in my ability and in my integrity, I resolved that I would prove worthy of that confidence.

My record is made, and upon that record I am willing to be judged. It is not for me to, in a boastful way, set it forth here, but it is such as I believe merits your approval, and I ask your close and careful investigation, since upon that record I am asking re-election at your hands.

I have undertaken to dispose of the great volume of business that has congested the dockets of this court, with that promptness and dispatch consistent with efficiency; I have made the administration of the law in my district as light upon tax payers as was in my power; I have been accommodating and considerate to all the persons, jurors, witnesses and litigants, having business in my court, as I know how; I have sought to render to every man his just due without distinction, remembering always that every man, rich or poor, was entitled to a square deal. In every question that has come before me as judge, I have decided it as I believe the law dictated, regardless of whom it pleased or displeased. In short I have done my best, and now it is for you to say:-

There is no issue between my opponents and myself—we are all three democrats and would probably not disagree upon any question vital to the best interests of our country, or essential to the making of a good judge. It is simply a question of who can best serve you. If you feel that you can improve upon the service being rendered by the selection of either of my opponents, then I am frank to say that you should do so; if, however, my record merits your approval may I not ask that you accord me another term, as has been the custom in this district for more than thirty years.

Sincerely yours,
A. M. Blackmon.

Superstitious folk in the Baltic States are alarmed over the appearance of the silk-tailed winter thrush, known as the "bird of disaster." They say that the birds were thereabouts in the winter of 1812, preceding Napoleon's Russian campaign and again in 1914, preceding the great war.

SHERIFF'S SALE

The State of Texas, County of Limestone.

Notice is hereby given that by virtue of a certain Order of Sale issued out of the Honorable District Court of Limestone County, of the 8th day of March, 1924, by the District Clerk, of said Limestone County, for the sum of Seven Hundred Sixty-Two 30-100 ($762.30) Dollars and costs of suit, under a Vendor's Lien, in favor of Wm. M. Rice Institute, in a certain cause in said Court, No. 4190-B and styled Wm M. Rice Institute vs. J. E. Frost, John S. Prince, and F. W. Woodward, placed in my hands for service, I, Whit Popejoy, as Sheriff of Limestone County, County, Texas, did, on the 8th, day of March 1924, levy on certain Real Estate, situated in Limestone County, Texas, described as follows, to wit: Upon Lot No. 5 in Block No. 38, in the City of Mexia, according to the map of said City drawn by C. E. Davis, a copy of which is recorded in Vol. 52, page 621, deed records of Limestone County, Texas, and levied upon as the property of J. E. Frost, John S. Prince and F. W. Woodward, and that on the first Tuesday in April 1924, the same being the 1st day of said month, at the Court House door, of Limestone County, in the Town of Groesbeck, Texas, between the hours of 10 a. m. and 4 p. m., by virtue of said levy and said Order of Sale, I will sell said above described Real Estate at public vendue, for cash, to the highest bidder, as the property of said J. E. Frost, John S. Prince and F. W. Woodward.

And in compliance with law, I give this notice by publication, in the English language, once a week for three consecutive weeks immediately preceding said day of sale, in the Mexia Daily News, a newspaper published in Limestone County.

Witness my hand, this 8th day of March, 1924.

SIX BASEBALL MANAGERS BAN GOLF

By HENRY L. FARRELL
(United Press Sports Editor)

NEW YORK, March 18.—Miller Huggins, John McGraw, Ty Cobb, Frank Chance, Branch Rickey and Clake Griffith have decreed that their ball players must not indulge in golf during the baseball season.

The two champion clubs, Detroit, the White Sox, the Cards and Washington are quite an array to be lined up against Col. Bogey, but McGraw says it is only a matter of time when the managers of all the major clubs will ask the players to do their golfing before and after the baseball season start.

McGraw contends that golf gets too much of a hold on its addicts and that baseball players, who become infected, frequently think more of improving their driving or their short game than they do of boosting their batting average.

The Giant manager also expresses the rather original thought that golf does not hurt a baseball player when he is a good golfer, but that it has a bad effect upon a duffer who has to take more exercise and expend more energy going around the course.

There are some crack golfers among the major league players. Arnold Statt of the Cubs and Pep Young of the Giants are among the best, and Babe Ruth is no slouch. But if McGraw's idea, that only the good players should be allowed to indulge in the game were carried out it would mean practically a blanket ban on the game.

Miller Huggins has been against golf players for a long time. It was humorously remarked that because Miller took a couple of hundred to go around, when he first took up the game, he soured on it. Huggins, however, claimed last year that some of his pitchers were working out so much in the morning with their mashies and putters that they had nothing left when they were called upon to swing on the mound.

During the mid-season last year, Huggins had to call on Carl Mays for relief work, after Mays had played thirty-six holes of golf, and Carl did not feel like pitching. He got in bad early in the game, and Huggins made him stick it out and take a terrible beating.

Mr. and Mrs. Reuben Jones, of Tehuacana, are the proud parents of a girl, who arrived last Friday. The charming little miss weighs seven and one half pounds.

Getting Too Fat? Try This-Reduce!

People who don't grow too fat are the fortunate exception. But if you find the fat accumulating or already cumbersome, you will be wise to follow this suggestion, which is endorsed by thousands of people who know. Ask your druggist for Marmola Prescription Tablets and follow directions. One dollar is the price the world over. Get them from your own druggist or send price direct to Marmola Co., 4612 Woodward Ave., Detroit, Mich. By doing this you will be safe from harmful drugs and be able to reduce steadily and easily, without starvation diet or tiresome exercise.—(Adv)

HOUSE PASSES BONUS MEASURE BY BIG VOTE

Mexia Citizens Voting On Charter Commission

New Industry Enters Mexia's Expanding Industrial District

Believed Now That Voters Favor A Charter

At three o'clock this afternoon, approximately 400 votes had been cast in the election to decide whether or not Mexia should have a new charter and who should draft the official document for presentation later to the voters of Mexia.

Officials expect a vote of around 700.

T. B. Chatham is election judge and the clerks are J. D. Arrington, W. H. Wallace and Joe Phillips.

The polls opened at 8:00 o'clock and will remain open until 7:00 this evening.

Quite a number were ready to vote when the polls were opened in the city hall. Quite a bit of interest was evident during the early part ofthe day, later giving way to the usual rush of business. Although the vote is comparatively light, it is considered quite encouraging and according to indications, it is believed that a big majority is voting in favor of the charter commission and the fifteen names were printed on the ballot. Fifteen blank lines were also printed on the ballot, so that any voter might write his choice, if not included in the fifteen and to enable him or her to scratch whatever printed name they desired.

According to poll tax receipts issued by the city, there are around 1200 eligible voters in the voting box. Many kept away, considering the matter one largely of concern to property owners only.

Many of the candidates whose names were withdrawn from the ballot before officially closed and submitted to the printer are understood to have voted for the charter commission, indicating their choice of ctizens to write it.

The proponents of the charter commission were fairly well organized, the organization having been perfected, however, at what might be termed the eleventh hour, when it became apparent that there was an active opposition, directed to prevent a charter commission from being elected and to retain the system of city government which now prevails. Speeches were made for the charter commission in most local theatres Monday night by several Mexia citizens.

The results of the vote are expected to be known shortly after the polls close, at which time they will be duly announced.

The usual six o'clock rush to the polls is expected, when clerks and employes, as well as many others, will avail themselves of the opportunity to vote, which is not limited to property owners but to all qualified voters in the city.

Fire Breaks Out In Opera House

Fire which broke out in the northeast corner of the second story of the Opera House building Monday afternoon shortly after 4 o'clock came near being serious on account of the hidden nature of the flames before it was extinguished. It was at first thought the smoke which filled the entire building was caused by a stopped up flue but it was soon discovered that the lobby of the Christian Science hall in the northeast upstairs corner was in flames, starting presumebly from an over heated flue. The fire was extinguished before it gained headway, however, and little fire damage was done to the building beyond a large hole being burned in the roof, which is now being repaired. Water damage to the building was considerable. The Opera House, in which "The Hunchback of Notre Dame" was showing at the time was damaged to the extent of three or four hundred dollars, besides losing a large amount of the custom. The Prickett Shoe Repair Shop suffered damages to the extent of at least $200 while the Stanberry Paint and Wall Paper Company was slightly damaged.

Mrs. Hugh Adamson is expected to be brought home from Dallas, following two weeks of illness in Dallas. While there, a guest in the Southland hotel, she became seriously ill and was unable to be removed. Her many friends will be glad to learn that she is able to return.

Ed Prather, formerly of near Mexia now living in the black land near Watt, was in the city Monday and Tuesday mingling with old time friends.

Many Politicians Speculated in Oil with Big Company

WASHINGTON, March 18.—Bascom Slemp, secretary to President Coolidge, Senator Charles Curtis, republican whip, Attorney General Daugherty, Senator Davis Elkins and several present and former congressmen speculated in either Doheny or Sinclair oil stocks, Lewis D. Bond, accountant for the Federal Trade Commission, testified today before the Senate Oil Committee. Daugherty dealt in Mexican Petroleum and Sinclair Consolidated, Bond testified. Slemp speculated in Sinclair Consolidated and Mexican Petroleum, Curtis in Sinclair Consolidated, Elkins in Sinclair Consolidated and Mexican Petroleum. Congressmen bought and sold Mexican Petroleum and Pan American Petroleum.

Ross Brown of Waco was here Saturday to attend the wedding of Val Horn to Miss Christine Kendrick, in which ceremony he was best man. He returned to Waco after the marriage, a member of the wedding party, composed of Mr. and Mrs. Horn, Miss Beth Ellington, John Corley, and Mrs. ...ick Miller.

P. F. Wallace, of Jacksonville, was in the city Monday.

OVERWHELMING VOTE FAVORS NEW BONUS PLAN

WASHINGTON, March 18.—The House passed the soldiers bonus bill by a vote of 355 to 54, an overwhelming victory for the bonus advocates. The measure is radically different from the bill President Harding vetoed. The principal provision is the twenty year endowment insurance which will be issued to all ex-service men, except those whose compensation is $50 or less. These are entitled to cash.

LONGHORNS HAVE PROBLEMS ON THE DIAMOND IN 1924

AUSTIN, Texas, March 17.—The question mark of the 1924 University of Texas baseball team is the pitching and catching staffs. The infield appears strong with such an array of stars as Captain Herman Odom, of Rusk; Dewey Smalley, of Yorktown; Horace Kibbie, of Fort Wirth; Johnny Mulcahy, of El Paso, and Collie Falk, of Austin. The outfield also promises well with Edward Carson, of Waxahachie; Newton King, of Alamogordo, N. M.; Clyde Pratt, of Bradshaw; Jack Smith and Oscar Eckhardt, of Austin, available for duty. But there is nothing certain about the battery men.

Much of the fate of the Longhorns' pitching staff rests upon Emmanuel Ponsford of El Paso. This left hander was the sensation of the conference in 1922 and almost single handed pitched the Longhorns to their 11th conference championship. However, he was out of school in 1923 and will not report to the baseball squad until the conclusion of the basketball season. If he reaches the form that he displayed in 1922, then the staff will be fairly strong, and if not it will probably be weak.

Otto Clements, of Austin, and Oscar Eckhardt, are the only other letter men on the hurling staff this year. Clements showed great form in the closing games of the 1923 campaign; but he has yet to go through the test of a whole season. Eckhardt was inconsistent last year, one day pitching superbly and the next poorly. If he overcomes this defect he will doubtless be one of the leading hurlers of the conference, but if not he will be of little value. Ben Allen, of Corsicana, a substitute on the 1923 squad is the fourth man who is making a serious bid for a position on the mound. He has shown splendid form in the early season workouts and he will probably be one of the first string hurlers, according to many who have seen him in action.

The catching staff is perhaps more uncertain than the hurling corps. Coach Billy Disch has been forced to develop a catching staff this year, as there is no one on the squad this year that has ever had any previous experience catching on the Longhorn nine. Albert Leissner, of Yorktown, who has shown the most promise thus far, is out with a bad hand and will be unable to get back in the game until after the end of the present term, it is stated. Henry Pfannkuche, of San Antonio, and Charles Ramsey, of San Augustine, are also candidates for the catching staff, and Coach Disch is spending a large part of his time coaching them.

DALLAS, Texas, March 18.—Three business buildings in East Dallas were destroyed by fire. Damage $12,000.

SECOND DAY OF WORLD FLIGHT PROGRESSES NORTH

SACRAMENTO, Ca l., March 18.—The second days flight of the army around the world journey started today. Three Douglas cruisers, headed by Major Frederick Martin, hopped off from Mather Field and headed north for Vancouver Barracks, Washington.

Secretaries Of Two Departments Called by Probers

WASHINGTON, March 18.—Secretary of the Treasury Mellon and Secretary of War Weeks were included in a new batch of subpoenaes issued today by the committee investigating Daugherty. Mellon will be given an opportunity to reply to charges made by Gaston B. Means, former Department of Justice agent as to Mellon's alleged connection with liquor deals. Weeks is expected to testify in connection with the aircraft case in which Means testified that he received $100,000, which he turned over to Jesse Smith.

Delving into transactions regarding withdrawals of liquor, the Senate committee investigating Daugherty, heard from William Orr of New York, the story of large payments totaling sometimes $25,000, to Howard Mannington, described as a close friend of Daugherty. These payments Orr said were in connection with liquor deals, but did not know what became of the money, except that it was to keep the cases out of court.

They Say We Will Know What Goes with Money

FORT WORTH, Texas, March 18.—Texas taxpayers will know what the public school system is doing with their money—they will see the progress, the aims and plans for the growth of Texas schools. The Texas State Teacher's Association will broadcast this news to the patrons, in accordance with the feeling of the leaders that the schools being to the people and that they should be kept informed about their own institutions if the proper progress and development is to be made.

The State Superintendent of Schools, S. M. N. Marrs, and leaders of the parent-teacher and other civic clubs have enthusiastically endorsed the plan of the Executive Committee of the association to carry out a full program of publicity through the newspapers of the State. News notes, reports of surveys and findings are being given to the association for publication. The papers have responded by using the stories regularly, as sent out by the news gathering force that has been organized in the central office of the association.

School men and women are being urged by their leaders to study their home schools for news that will interest their local papers, with the aim of giving them a regular service rather than the annual splurge of commencement programs, or special appeals for bond issues. It has been pointed out by many that the teachers should feel that as servants of the public they should keep the patrons informed of their work through the public press. Teachers are being asked to make a special study of this matter as being one of the outsanding needs of the day, for it is the judgement of the most successful in the profession that there can be little further progress until all the people know the facts about the schools of Texas.

Waits for 25 Years for Hero Medal.

COL. P. L. MILES

Colonel Perry L. Miles, U. S. A., was photographed at the War Department Building, in Washington, where General Hines, Assistant Chief of Staff, pinned the Distinguished Service Cross on him. Colonel Miles, while a subaltern, was recommended for extraordinary heroism at the Battle of Manila in 1899—twenty-five years ago.

MEXIA M. AND J. ASSOCIATION HOLDS MEET MONDAY

The Mexia Manufacturers and Jobbers Association held its third meeting in the office of the Prickett Battery and Tire Company on Commerce and McKinney street Monday afternoon at 2:00. The President of the Association, Albert Berry, of the Berry Barnett Wholesale Grocery Company, was absent on account of sickness and the Vice-president, Walter Anderson of the Anderson Cocoa Cola Bottling Company presided.

Ten of the fourteen members were in attendance. The objects and purposes of the organization were read for the benefit of those present who were absent at the second meeting, after which the committee on membership, composed of M. W. Anderson, J. W. Prickett and Carl Davis, submitted a list of firms which they had prepared as eligible to membership in the Association.

A review of the qualifications of each of the firms named on the list resulted in the elimination of a few following which the Assocation adopted the revised list and instructed the Committee to invite each business mentioned to membership in the Association. It was also suggested that each new member pay dues for six months in advance on entering in order to relieve the secretary and treasurer of a large amount of work. Thirty two firms were named on the revised list, and there are at present fourteen members.

The secretary was authorized to secure the books and materials necessary to preserving complete records of the Association. The secretary was also authorized to secure advertising space in the Black Cat magazine, which is being published by the High School students of Mexia.

THE WEATHER

East Texas—Tonight fair and colder in southwest; frost nearly to the coast; freezing in north. Wednesday partly cloudy and rising temperature.

West Texas—Tonight fair and warmer, except in southeast. Wednesday partly cloudy and warmer except in southwest.

N. F. Watkins was here Monday from Waco.

Glove Factory Established In Mexia

At a meeting held in the office of the E. L. Smith Oil Company yesterday, the Texas Glove Company was organized with a capital stock of $10,000. This new concern will manufacture cloth gloves. As there is not a glove factory nearer than St. Louis or Kansas City, the products of this company should meet a ready sale, and it should be a paying proposition from the beginning.

The officers of the company are C. C. Yowell, president, Blake Smith, vice President, and R. F. Babb, secretary-treasurer. These with Julius Nussbaum and B. B. Simmons constitute the board of directors.

Mr. Yowell came to Mexia in the early part of the oil boom, and has been with the Berry-Barnett Grocery Company until about thirty days ago, when he resigned to organize this company. The other officers and directors of the company are well known business men of Mexia.

The factory will probably be located in the Alexander building on Sherman street, and should be in operation by May 1st. They will employ about fifteen people at the beginning, and will have an output of about one-hundred-fifty dozen pair per day.

Many Casualties Occur When Japs Are QuakeStrick'n

TOKIO, March 18.—Another earthquake disaster visited Japan. A small Japanese colony on Saghalien Island was the center of the shake. Meager reports here said it occurred Saturday night. A house was shaken down with many casualties. Tremors were felt in Tokio. Relief measures were started here to render aid to the injured and homeless.

Fort Worth Will Broadcast Hot Springs Program

FORT WORTH, Texas, March 18. Hot Springs, Ark., will "take the air" tonight and broadcast thru Station WBAP of Fort Worth, a special radio concert. The broadcasting will be a demonstration of "remote control" in radio.

Four orchestra, a band, a chorus, of jubilee singers, a quintette and other musicians will perform in Hot Springs from 9:30-11:30 p. m. while in Fort Worth, 350 miles distant, station WBAP will broadcast the concert over the nation.

The program will be delivered to WBAP thru special wires of the Southwestern Bell telephone company.

Bathing Revue Set For May 10 or 17

GALVESTON, Texas, March 18.—The annual bathing revue is practically assured.

It remains for the Galveston Chamber of Commerce to raise $1,000, the other $400 having been already pledged by the Merchants Retail Association.

The parade will be held May 10-13 or 17-19.

Mrs. S. B. Horn of Dallas, mother to Val Horn, and her niece, Miss Lucille Clark, also of Dallas, left Sunday for their homes, following the wedding of her son to Miss Christine Kendrick, which occurred the Saturday evening before.

SOIL AND OIL

"Your soil and your oil" were words used in speaking of the wonderful resources of this country by the financiers who oined in the purchase of the light and power company here for the Community Power and Light Company. There were listed together, as chief among the conspicuous and outstanding resources of werth of the Mexia territory last Wednesday night at the banquet tendered the officials of the organization.

Of these, the value of the soil of this section was primed out as the most dependable and the most valuable both to the community and in attracting investments to Mexia.

Therein a great lesson, already known to many, was stressed and made more emphatic.

It all goes toshow that the farmers of this country are the real community builders, who should be placed in the forefront and given every assistance and encouragement possible in all of their undertakings and aspirations. The Mexia Chamber of Commerce knew that such a statement was true months ago, when the Agricultural Committee decided to give a thousand dollars in prizes to the cotton producers of this community and within Mexia's trade territory.

The next thing that ought to be done is to encourage the securing of a Limestone County Farm Agent for the farmers. Get a good local man and he will be worth the money paid out many times, in every box of the county.

Other successful counties where agriculture predominates say that this is true after their experience in this line.

Tree planting will soon be the order of the day at the High School campus. A large number of trees have been received which will be put out this week.

First Impressions

Locke has suggested that in a hundred citizens there are more than ninety, who are what they are, good or bad, useful or pernicious to society, from the instruction they have received. It is on our great free educational system, our character building colleges and universities, that depend the great differences observable among individual, native-born citizens.

"The least and most perceptible impressions received in our infancy have consequences of long duration. It is with these first impressions as with a river, whose waters we can easily turn, by different canals, to opposite courses; so that from the imperceptible direction the stream receives at its source, it takes different directions, and at last arrives at places far different from each other; and with the same facility we may turn the minds of the rising generation to whatever destiny we determine.

Mrs. L. S. Patterson left Monday for a visit with friends in Marlin, Texas.

Gets Support Here Too!

The many people here who have [illegible] wonderful results from Black and White Ointment for pimples, blotches, lumps, shingles, eczema, rash, itching, skin [illegible] are showing their gratitude by giving it [illegible] wholehearted and enthusiastic support—mouth publicity every time.

The fact that Black and White Ointment is already selling at the phenomenal and unheard of rate of nearly two million packages a year, proves louder than words can tell how dependable it is to people who had never before been able to get relief from their skin troubles by using anything else.

Black and White Ointment is economically priced in liberal size packages. The 50c size contains three times as much as the 25c size. All druggists have it.—(Adv.)

Black, parents of Mrs. W. B. Kendrick, mother of the bride, and Mrs. Kendricks' brothers and their wives, K. S. and Clyde Black, all of Thornton, the old home of Mr. and Mrs. W. B. Kendrick.

Says His Prescription Has Wonderful Influence over Rheumatism

Mr. James H. Allen suffered for years with rheumatism. Many times this terrible disease left him helpless and unable to work.

He finally decided, after years of ceaseless study, that no one can be free from rheumatism until the accumulated impurities, commonly called uric acid deposits, were dissolved in the joints and muscles and expelled from the body.

With this idea in mind he consulted physicians, made experiments and finally compounded a prescription that quickly and completely banished every sign and symptom of rheumatism from his system.

He freely gave his discovery, which he called Allenrhu, to others who took it, with what might be called marvelous success. After years of urging he decided to let sufferers everywhere know about his discovery through the newspapers. He has therefore instructed druggists everywhere to dispense Allenrhu with the understanding that if the first pint does not show the way to complete recovery he will gladly return your money without comment.—(Adv.)

Varicose Veins Are Quickly Reduced

No sensible person will continue to suffer from dangerous swollen veins or bunches when the new powerful, yet harmless germicide called Emerald Oil can readily be obtained at any well stocked drug store.

Ask for a two-ounce original bottle of Emerald Oil (full strength) and refuse substitutes. Use as directed and in a few days improvement will be noticed, then continue until the swollen veins are reduced to normal. It is guaranteed and is so powerful that it also reduces enlarged glands, goitres and wens.—(Adv.)

Take Salts If Rheumatism Is Bothering You

TELLS RHEUMATISM SUFFERERS TO TAKE SALTS TO GET RID OF TOXIC ACID.

Rheumatism is no respecter of age sex, color or rank. If not the most dangerous of human afflictions it is one of the most painful. Those subject to rheumatism should eat no sweets for awhile, dress as warmly as possible, avoid any undue exposure and above all, drink lots of pure water.

Rheumatism is caused by uric acid or body waste matter, and is often generated in the bowels and absorbed into the blood. It is the function of the kidneys to filter this poison from the blood and cast it out in the urine; the pores of the skin are also a means of freeing the blood of this impurity. In damp and chilly, cold weather the skin pores are closed, thus forcing the kidneys to do double work; they become weak and sluggish and fail to eliminate this toxic acid, which keeps accumulating and circulating through the system, eventually settling in the joints and muscles, causing stiffness, soreness and pain, called rheumatism.

At the first twinge of rheumatism get from any pharmacy about four ounces of Jad Salts; put a tablespoonful in a glass of water and drink before breakfast each morning for a week. This is helpful to neutralize acidity, remove waste and stimulate the kidneys, thus helping to rid the blood of these rheumatic poisons.

Jad Salts is inexpensive, and is made from the acid of grapes and lemon juice, combined with lithia, and is used with excellent results by thousands of folks who are subject to rheumatism.—(Adv.)

Ford For Sale

Say: you fellows with a lot of "kale",
I've got a second hand Ford for sale.
The top's all broken and the windshield's out
And it limps along like it had the gout.
The battery's dead and the weels won't track,
But it'll take you there and it'll bring you back.
There ain't no pep in the change speed bands;
Doc Watson says that it needs new glands.

One anxle's sprung and the starter's rusted,
Bearings out and water jacket busted;
The fenders are gone and the frame is squeaky.
And the gasoline tank is a little leaky;
The tire rack's gone and the tail light's out
But still it's a d—d good runabout;
I've tried to sell it till it ain't no use—
I'm showing it today to J. K. Hughes.

Blake Smith loked at it but he didn't buy,
And Sandfard balked at the price—"Too high";
Tom Nolan will take it—that is—if he can
But he wants to buy it on the payment plan;
Bill Keeling wants it—but I'm no fool—
He wants to trade me a gotch-eared mule.
Say: you fellows with a lot of "kale,"
I've got a second hand Ford for sale.

Easy to Darken Your Gray Hair

When you darken your hair with Sage Tea and Sulphur, no one can tell, because it's done so naturally so evenly. Preparing this mixture, though, at home is mussy and troublesome. At little cost you can buy at any drug store the ready-to-use preparation, *improved by the addition* of other ingredients called "Wyeth's Sage and Sulphur Compound." You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning all gray hair disappears, and, after another application or two, your hair becomes beautifully darkened, glossy and luxuriant.

Gray, faded hair, though no disgrace is a sign of old age, and as we all desire a youthful and attractive appearance, get busy at once with Wyeth's Sage and Sulphur Compound and *look years younger.* —(Adv.)

PENSACOLA, Fla., March 17.—Two naval lieutenants were killed when their airplanes collided in mid air 1500 feet above Corry Flying field.

LONDON, March 17.—St. Patrick's Day is being celebrated all over Great Britain and Ireland today with customary enthusiasm. With Ireland once more peaceful, Britishers donned the shamrock and green neckties as of old annexing the Irish national holiday as a celebration of their own.

LONDON, March 17.—His face and hands covered with court plaster, the Prince of Wales was able to return to St. James Palace today from Aldershot. The heir to the British throne was to be kept under physician's care for a few days. In a steeplechase accident last Saturday he was thrown and kicked in the face by his mount.

HOUSTON, Texas, March 17.—Check up today showed that a bandit who yesterday afternoon rifled the cafe of the Westuheimer Storage Company here and locked Cashier W. A. Grendreau in the vault, got only $80.

NEW YORK, March 17.—Reinstatement of Charley Paddock, world champion sprinter, reported as certain by the United Press several weeks ago, has been approved by Amateur Athletic Union, according to rumor.

Letters from People

Editor Daily News, City.

Dear Sir.

Kindly accept my thanks for the honor you are showing me by advocating that I be appointed as County Agent by our Commissioner's Court. While I fully realize that the right sort of a man in such a position could be a power for good, at the same time I am fully convinced that a boy of my year 72 cannot half way fill the bill. Thus, declining with thanks on my part, if the offer was made me would be in order.

What is wanted is a man of energy, with a fair education good common sense and a practical knowledge of general farming. If we find this kind of a man (no doubt there are numbers of them in our county) with a determination to make good, our farmers will have decided assistance towards solving their various Farm problems. A man in such a position should understand the terracing and saving of soils from washing away, as well as building up impoverished soils. He should know fertilizers and their uses for various crops, which all a man with good common sense can soon understand.

One of the most pressing needs of many of our farmers is however, the planting of better seeds and the production of better feedstuffs. Even if a county agent could do no more than just get the people to do this, he could be earning his meal tickets.

I say by all means let us have this County Agent, but make sure that a common sense, practical farmer is selected.

I could name two men that I think could fill the bill, one is my friend Lee Dorset of Forrest Glade and the other is Friend Verner Gatlin of Pt. Enterprise.

If I can be of any service in cooperating with the man that may be appointed, it will afford me pleasure to assist in anyway. I am expiermenting with different things, feed crops and see a good deal myself. I have various varieties of Legumes a growing Alfalfa, SeetClover, Kudau, Cherokee Clover, several kinds of vetch winter peas and a winter bean from Tangier (North Africa.) There is not a one of us that knows a thinks before he learns it and wanting to learn has always been my hobby.

IN anything--it's team work that counts.

No matter how strong the individual, he becomes more powerful with team co-operation--team work

Have you joined the home town team? Are you making your co-citizens realize your desire to assist them commercially and socially? Are you helping them to feel the advantages of living in this good city of ours? Are you extending a cordial heart and hand?

If you do—they will pass the good word along—it becomes an endless chain. The team work is strong and will thus attract others—who in turn will lend their hands, talents, resources and energies to mutual civic progress.

Now is a good time to "join up"—the only initiation fee is a resolve to do your part—trade at home—boost for Mexia—be an asset to your city—help the other fellow so that he may better help you—and the dues come back to you in personal dividends.

Mexia Circuit to Hold Quarterly on The Next Saturday

Rev. G. W. Kincheloe announces that the Presiding Elder, Rev. C. A. Bickley of the Corsicana district, has scheduled Saturday, March 23, for the second quarterly conference of the Mexia Methodist circuit. This was to have been held on the 8th but was rained out. The meeting will be held at Datura and all points are expected to have a full representation and splendid reports. An all day session will be held and dinner on the ground.

Officers Arrest Two Bootleggers

Two men, W. M. Kline and Philips Haynes, were arrested Saturday night about 10 o'clock charged with having intoxicating liquor in their possession. The officers making the arrest stated that they found two gallons of corn whiskey in a Star car which the men were driving. They are being held in the city jail now and will be billed over to the Grand Jury.

Several drunks were taken into custody the same night. Mexia officers reported all of whom paid fines after sobering up in the jail.

WALKER-CHURCH

C. M. Church, foreman of the mechanical department of the Mexia Daily News, visited his family of Fort Worth Sunday to attend the marriage of his youngest daughter, Miss Fay to Mr. Olen H. Walker of Magnolia, Ark.

The marriage was celebrated at Mr. Church's home at 5 o'clock Sunday afternoon with only the family and a few friends present, and the happy couple left for their future home in Magnolia, Ark.

The fair young bride has visited her father here frequently and has many friends here who will join us in wishing for her and her life companion a long and happy life.

A. A. Vestal returned from Arkadelphia, Ark., last night.

JUDGE BLACKMON FOR RE-ELECTION

To the Voters of the 77th Judicial District:

When heretofore you elected me to fill the position I now occupy, thus expressing your confidence in my ability and in my integrity, I resolved that I would prove worthy of that confidence.

My record is made, and upon that record I am willing to be judged. It is not for me to, in a boastful way, set it forth here, but it is such as I believe merits your approval, and I ask your close and careful investigation, since upon that record I am asking re-election at your hands.

I have undertaken to dispose of the great volume of business that has congested the dockets of this court, with that promptness and dispatch consistent with efficiency; I have made the administration of the law in my district as light upon tax payers as was in my power; I have been as accommodating and considerate to all the persons, jurors, witnesses and litigants, having business in my court, as I know how; I have sought to render to every man his just due without distinction, remembering always that every man, rich or poor, was entitled to a square deal. In every question that has come before me as judge, I have decided it as I believe the law dictated, regardless of whom it pleased or displeased. In short I have done my best, and now it is for you to say:—

There is no issue between my opponents and myself—we are all three democrats and would probably not disagree upon any question vital to the best interests of our country, or essential to the making of a good judge. It is simply a question of who can best serve you. If you feel that you can improve upon the service being rendered by the selection of either of my opponents, then I am frank to say that you should do so; if, however, my record merits your approval may I not ask that you accord me another term, as has been the custom in this district for more than thirty years.

Sincerely yours,
A. M. Blackmon.

SHERIFF'S SALE

The State of Texas, County of Limestone.

Notice is hereby given that by virtue of a certain Order of Sale issued out of the Honorable District Court of Limestone County, of the 6th day of March, 1924, by the District Clerk, of said Limestone County, for the sum of Seven Hundred Sixty-Two 30-100 ($762.30) Dollars and costs of suit, under a Vendor's Lien, in favor of Wm. M. Rice Institute, in a certain cause in said Court, No. 4190-B and styled Wm M. Rice Institute vs. J. E. Frost, John S. Prince, and F. W. Woodward, placed in my hands for service, I, Whit Popejoy, as Sheriff of Limestone County, County, Texas, did, on the 8th, day of March 1924, levy on certain Real Estate, situated in Limestone County, Texas, described as follows, to wit: Upon Lot No. 5 in Block No. 38, in the City of Mexia, according to the map of said City drawn by C. E. Davis, a copy of which is recorded in Vol. 52, page 621, deed records of Limestone County, Texas, and levied upon as the property of J. E. Frost, John S. Prince and F. W. Woodward, and that on the first Tuesday in April 1924, the same being the 1st day of said month, at the Court House door, of Limestone County, in the Town of Groesbeck, Texas, between the hours of 10 a. m. and 4 p. m., by virtue of said levy and said Order of Sale, I will sell said above described Real Estate at public vendue, for cash, to the highest bidder, as the property of said J. E. Frost, John S. Prince and F. W. Woodward.

And in compliance with law, I give this notice by publication, in the English language, once a week for three consecutive weeks immediately preceding said day of sale, in the Mexia Daily News, a newspaper published in Limestone County.

Witness my hand, this 8th day of March, 1924.

WHIT POPEJOY,
Sheriff, Limestone
County, Texas.

SIX BASEBALL MANAGERS BAN GOLF

By HENRY L. FARRELL
(United Press Sports Editor)

NEW YORK, March 18.—Miller Huggins, John McGraw, Ty Cobb, Frank Chance, Branch Rickey and Clake Griffith have decreed that their ball players must not indulge in golf during the baseball season.

The two champion clubs, Detroit, the White Sox, the Cards and Washington are quite an array to be lined up against Col. Bogey, but McGraw says it is only a matter of time when the managers of all the major clubs will ask the players to do their golfing before and after the baseball season starts.

McGraw contends that golf gets too much of a hold on its addicts and that baseball players, who become infected, frequently think more of improving their driving or their short game than they do of boosting their batting average.

The Giant manager also expresses the rather original thought that golf does not hurt a baseball player when he is a good golfer, but that it has a bad effect upon a duffer who has to take more exercise and expend more energy going around the course.

There are some crack golfers among the major league players. Arnold Statt of the Cubs and Pep Young of the Giants are among the best, and Babe Ruth is no slouch. But if McGraw's idea, that only the good players should be allowed to indulge in the game, were carried out, it would mean practically a blanket ban on the game.

Miller Huggins has been against golf playing for a long time. It was humorously remarked that because Miller took a couple of hundred to go around,when he first took up the game, he soured on it. Huggins, however, claimed last year that some of his pitchers were working out so much in the morning with their mashies and putters that they had nothing left when they were called upon to swing on the mound.

During the mid-season last year, Huggins had to call on Carl Mays for relief work, after Mays had played thirty-six holes of golf, and Carl did not feel like pitching. He got in bad early in the game, and Huggins made him stick it out and take a terrible beating.

Getting Too Fat? Try This-Reduce!

People who don't grow too fat are the fortunate exception. But if you find the fat accumulating or already cumbersome, you will be wise to follow this suggestion, which is endorsed by thousands of people who know. Ask your druggist for Marmola Prescription Tablets and follow directions. One dollar is the price the world over. Get them from your own druggist or send price direct to Marmola Co., 4612 Woodward Ave., Detroit, Mich. By doing this you will be safe from harmful drugs and be able to reduce steadily and easily, without starvation diet or tiresome exercise.—(Adv.)
